Mail Stop PETITIONS  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Examiner Tomaszewski:

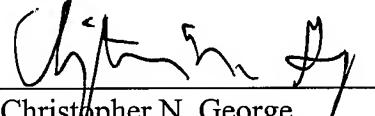

The Applicant of the above-identified patent application submits the following request for reconsideration and renewed petition under 37 CFR 1.137(b). The Applicant submits a power of attorney and certification under 37 CFR 3.73(b) showing chain of title authorizing Applicant to make this request. The above-identified application went abandoned during the process of transferring applications from Clinical Content Consultants to General Electric

Company and redesignation of prosecuting counsel. A docketing error during the transfer resulted in the missed deadline, and the entire brief delay in filing the required replay was unintentional, as noted in the original petition. The Applicant requests that the renewed Petition and Request for Reconsideration be entered and considered.

In view of the Advisory Action provided with the petition dismissal, the Applicant submits a Request for Continued Examination along with the previously-submitted response and Renewed Petition. If the Examiner has any questions or the Applicant can be of any assistance, the Examiner is invited and encouraged to contact the Applicant at the number below. The Commissioner is authorized to charge any fees or credit any overpayment to the Deposit Account of GEMS-IT, Account No. 502401. For example, if the Applicant is to provide any supplemental petition fee for the reconsideration, that fee should be charged to Deposit Account No. 502401. Additionally, the RCE fee should be charged to Deposit Account No. 502401. If the Examiner has any questions or concerns about this or other matters, the Examiner is again invited and encouraged to contact the Applicant at the number below.

Respectfully submitted,

Date: July 2, 2007
